<b>PART NO.</b>	GA1116K / GA1116J
<b>SPECIFICATIONS</b>	<ul style="list-style-type: none"> <li>Aramid multi-layer neck curtain</li> <li>Pass-through (GA1116K) model</li> <li>Standard (GA1116J) model</li> <li>Length 16 cm</li> </ul>
<b>WEIGHT</b>	• 46 g (GA1116K) / 55 g (GA1116J)

# MSA—The Safety Company

*Established in 1914, MSA Safety Incorporated is the global leader in the development, manufacture, and supply of safety products that protect people and facility infrastructures. Many MSA products integrate a combination of electronics, mechanical systems, and advanced materials to protect users against hazardous or life-threatening situations. The company's comprehensive product line is used by workers around the world in a broad range of markets, including the oil, gas, and petrochemical industry, the fire service, the construction industry, mining, and the military. MSA's core products include self-contained breathing apparatus, fixed gas and flame detection systems, portable gas detection instruments, industrial head protection products, firefighter helmets and protective apparel, and fall protection devices. With 2022 revenues of \$1.5 billion, MSA employs approximately 5,000 people worldwide. The company is headquartered north of Pittsburgh in Cranberry Township, PA, and has manufacturing operations in the United States, Europe, Asia, and Latin America. With more than 40 international locations, MSA realizes approximately half of its revenue from outside North America. For more information visit MSA's web site at [www.MSAafety.com](http://www.MSAafety.com).*

## **Our Mission**

MSA's mission is to see to it that men and women may work in safety and that they, their families, and their communities may live in health throughout the world.

**MSA: WHEN YOU GO IN, WE GO IN WITH YOU.**
